Instructions:

1. You do not have to print this first page; it is for you to know that we are thankful that you chose to download this set and to ask you to share us with your friends and family.
2. This is a 3-part cards set, so you need to print this set in color TWICE. I printed 2 color copies of the set on white card stock and laminated them using a [thermal laminator](#).
3. Then cut them with a [guillotine](#). It is important to point out that one set of cards is cut with words and pictures together.
4. The second set of cards was cut like the first set, except that the pictures and the words were cut separately to make them 3-part cards (the cards with picture and words, the picture cards and the word cards). That's it! They are ready to be used!
5. I use a zipper baggie (sandwich size) to keep them together.
6. Enjoy and use them a lot! ☺
